

Tolerance of those of Different Faiths and Beliefs

- In our Religious Education lessons, we learn about major religions and different faiths.
- We visit various places of worship, such as the church in year 5 and the gurdwara in year 3.
- We can read all about different faiths, beliefs and religions in our school library!
- Our World Book Day book 'Welcome by Barroux' was about a polar bear that was swept away from home. We discussed the challenges and issues that migrants face by creating pieces of writing and art!

Mutual Respect

- At our school we know and understand that everyone deserves respect, regardless of differences.
- We celebrate each others successes in our whole school and class assemblies. We have celebrated tournament successes, such as our win at the MATlympics!

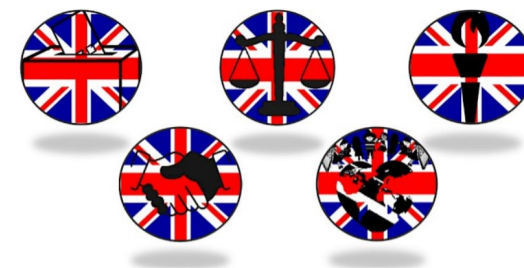

Individual Liberty

- During and after school, we have a choice of lots of extra-curricular clubs. Some of our favourites are cross-country, fencing, gymnastics, Times Tables Rockstars, French club and choir!
- Each week, we have the choice to enjoy our new well-being garden area – here, we can talk to our Mental Health First Aiders.

West End Academy

British Values Policy

British Values Policy

What are the key British Values?

The five key **British Values** are:

- Democracy - *to have a say in decisions at school.*
- The rule of law - *rules for a happy and safe school.*
- Individual liberty - *making our own choices.*
- Mutual respect - *respecting all, regardless of difference.*
- Tolerance of those of different faiths and beliefs - *respecting different faiths and beliefs.*

At our school, we promote and reinforce these five key British Values. There are many ways in which we do this throughout our school.

Democracy

- Our School Council team is pupil elected. Every year, we vote for our councillors to represent us.
- During our RSPCA fundraising day, we held a whole school vote to decide which animal to adopt - we chose to adopt a Red Panda from the Yorkshire Wildlife Park!
- Two children attend Water-ton Children's Parliament to meet and discuss ways of making our educational experience an even better one! Our school is represented by two children in year 5!

The Rule of Law

- Our school behaviour policy celebrates children that follow our golden rules. We can be awarded with a positive leaf or a certificate every week!
- We know that there are consequences for unacceptable behaviour. We work hard to 'stay on green' so that we can enjoy our Green event! Some of our favourites have been the circus, outdoor cinema and mini golf!
- We welcome visits from the wider community, including the Fire Service and Dogs Trust This shows us the Rule of Law in real-life.
